Cylchlythyr Wythnosol Weekly Newsletter

ISSUE 27: w/c 19/07/2021

Weekly Progress (12 - 19 July)

We have now vaccinated **88%** of the Health Board's adult population with first doses and are progressing well with second doses with **85%** of over 30s being fully vaccinated.

We are currently vaccinating 30-39 year olds, and those aged 25-29

should expect to receive their invite for their second dose over the next few weeks.

If you still haven't received your first dose of vaccine or if you received your first dose before 31st May and haven't yet received an invite for your second vaccination, please contact our booking centre on **0300 303 1373** to arrange your appointment where you will be given an appointment within 72 hours, sometimes appointments can be arranged for the same day.

Second doses...

The 1st dose of Covid vaccine provides estimated 25-36% protection against the Delta variant, protecting against being symptomatic. The 2nd dose raises the level of protection up to 77-82%. Therefore it is important that you receive both doses of the Covid vaccination for maximum protection.

We are currently vaccinating those aged 30-39 years with their 2nd dose and those aged 25-29 years will start to receive their 2nd dose invite over the next few weeks.

Anybody over the age of 40 years will have an 8 week interval between their vaccines.

If you received your 1st dose of Pfizer between 7th December 2020 – 31st May 2021 and not yet received your invite for your second vaccine, please complete the following form on our website:

Newbridge pupils thank staff

A group of Year 9 pupils from Newbridge Comprehensive School formed a 3D printing group after school, as part of their Science and Technology Area of Learning. The pupils' chosen project was to design and produce thank you gifts for the staff working in the Newbridge Vaccination Centre, in the

leisure centre attached to the school. They attended after school for several weeks to create their designs and put them together by the end of term. They also produced a thank you card to present with their gift.

The final design was a speech bubble, with the raised words "Thank you". The pupils trialled several, sometimes complicated, designs and felt this simple message was what they wanted to convey. The gifts were delivered to the staff at the vaccination centre in the last week of term.

The staff were grateful for the kindness of the pupils and the thoughtfulness of their gifts.
