

Dear Mr Lewis

Further to the following emails, Vistry Homes would like to further extend the closure of Footpath 15 & 16, Magor with Undy by the maximum allowable amount of 6 months while works continue.

As before, MCC can request permission from the Welsh Government to extend the closure but it must have first taken into account the views of local users.

For this purpose I would like to ask your council for its view on the proposed extension and any comments it might have about its impact on the economy.

Presently the closure is due to expire 30th May 2025

It is my understanding that the new permanent alignment for Footpath 15 on the eastern side of Vinegar Hill should be available within the next few weeks.

Additionally, there is presently no alignment available through the site on the eastern side of Vinegar Hill. However, when the scaffolding is removed from plot 80 at the end of April it will be possible to reinstate the permissive that was earlier available.

If you have any questions please contact me.

Regards

Shaun
